Attention RDOS Planning,

We are homeowners that built our dream retirement home which completed in July 2021. We have since been faced with growing financial challenges primarily due to high interest rates and a slowing economy. As both my husband's business and mine face economic challenges we are faced with no other option than to try and rent our home out.

We hope that all parts of the application are in order, and that we are granted a permit for vacation rentals.
