With respect to the above noted file,

There are FortisBC Inc (Electric) ("FBC(E)") primary distribution facilities along Main Street. The applicant is responsible for costs associated with any change to the subject property's existing service, if any, as well as the provision of appropriate land rights where required.

For more information, please refer to FBC(E)'s overhead and underground design requirements:

FortisBC Overhead Design Requirements

<http://fortisbc.com/ServiceMeterGuide>

FortisBC Underground Design Specification

<http://www.fortisbc.com/InstallGuide>

In order to initiate the design process, the customer must call 1-866-4FORTIS (1-866-436-7847). Please have the following information available in order for FBC(E) to set up the file when you call.

- Electrician's Name and Phone number
- [FortisBC Total Connected Load Form](#)
- Other technical information relative to electrical servicing

Otherwise, FBC(E) has no concerns with this circulation.

It should be noted that additional land rights issues may arise from the design process but can be dealt with at that time, prior to construction.

If you have any questions or comments, please contact me at your convenience.

Best Regards,

Steven Danielson,
