The following DVP Feedback has been submitted :

Contact Name : Margeurite Gibson

Street Address

City / Town : Okanagan Falls, BC

Email . .

Project Address : 960 Cedar Street

Support the requested variances to the zoning ? : No

Additional comments : The builders should be able to build within the original plans if this should proceed.

The following DVP Feedback has been submitted :

Contact Name : Lloyd Kenzle

Street Address :

City / Town : Okanagan falls

Email :

Project Address : 960 Cedar Street, Okanagan Falls

Support the requested variances to the zoning ? : No

Additional comments : I don't be leave the extra space is needed the builder should be working with in the space that is already set out and work within the original guide lines.

The following DVP Feedback has been submitted :

Contact Name : Gary Nevard

Street Address :

City / Town : Okanagan Falls

Email :

Project Address : 960 Cedar St.

Support the requested variances to the zoning ? : No

Additional comments : Puts the back of the south building to close to our property line.

The following DVP Feedback has been submitted :

Contact Name : Eleanor Walker

Street Address :

City / Town : Okanagan Falls, BC V0H 1R0

Email :

Project Address : 960 Cedar Street, Okanagan Falls, BC

Support the requested variances to the zoning ? : Yes

Additional comments : As long as the variance is to be closer to set back IS ONLY along the northern portion of the Development (ie: is parallel to 9th Ave/ Highway 97), I have no problem with it.
