DO NOT REPLY TO THIS EMAIL! This is an automatic e-mail notification message.

The following DVP Feedback has been submitted :

Contact Name : Gail Cossentine

Street Address :

City / Town : Naramata

Email :

Project Address : 4545 Mill Road, Naramata, BC

Support the requested variances to the zoning ? : Yes

Additional comments : I support the DVP for a holding tank for sewage in lieu of a septic system because this would allow for bathroom facilities on a small lot while protecting the lake from any effluent.
