Importance: Low

Hi Shannon,

The address is 3189 3rd Street.

I am not in favor of any new TUP.  
Existing vacation rentals operating  
illegally should be shut and more  
enforcement is required.

With Thanks,

M. McConnell  
Naramata

**Subject:** Vacation rental application in Naramata

I am replying to this application.

If the owner of the residence lives at the property and there is a limit of 6 renters I am not opposed

If there are no restrictions and no on site long term resident than I oppose all vacation rentals

It is not fair to those permanent residents to have a revolving door of tourists coming and going on vacation with little or no regard for the neighborhood

Sincerely

Patti Lacis

I have only concerns about water use and septic on the lake for up to 8 people in this dwelling for tup. Impacts on shoreline could be assessed. A three year tup is also not advisable during this consultation phase of tups and impacts on the community. I would not support 3 year applications until consultation and recommends are completed. I would suggest one year conditional applications at this time.
