Subject: Application No: E2004.003-TUP, 6447 Chute Lake Road

Thank-you for your letter of June 25, 2024 informing me of this application. I do not support approving it, for the following reasons.

1. The four (4) RV's, washroom facility and associated outbuildings effectively increase the residential density above that mandated by the RDOS and Naramata Community Plan.
2. While two of the RV's will be serviced by the washroom facility, what sanitary provisions are made for the third and fourth RV.
3. I understand that this is a "temporary" measure that would be valid until 2027, and then can be renewed once again for another three years. That is a long "temporary" approval, and in effect permanent. If a single family dwelling was approved on this property, in addition to these residences, that would further increase the density.
4. In prior communication with Interior Health, I understand that individual residences require separate water pipes dedicated to each dwelling, when sourced from a communal well.
5. I note that the structures are "not to be used for visitors and guests"- and therefore rules out rentals.
6. This area has been identified by the Fish and Game Department, as elk, whitetail and mule deer wintering grounds, this increased density is adverse to that.

Thank-you for your consideration,
Priscilla Hindson

RE: Temporary Use Permit – Residential use of four (4) recreational vehicles and a washroom facilities building
6447 Chute Lake Road

My comments / concerns are:

- I do support the proposed use at 6447 Chute Lake Road
- I do not support the proposed use at 6447 Chute Lake Road

Written submissions received from this information meeting will be considered by the Regional District Board prior to a decision being made on this application.

~~I do support the proposed use at the address listed above. They are great part of community and not causing harm. With current housing crisis, please don't kick them out of their homes. There should be more affordable and alternative housing, and their situation falls exactly into that.~~

Feedback Forms must be completed and returned to the Regional District prior to the Board meeting where the TUP will be considered.

NOTE: All representations will be made public when they are included in the Board Agenda.

- I do not support the proposed use at 6447 Chute Lake Road

Written submissions received from this information meeting will be considered by the Regional District Board prior to a decision being made on this application.

~~I am the proud owner of a very similar permit. We have shown that it can be a very affordable safe and enjoyable way for some to reside.~~

~~As was brought up in the meeting for my permit the rule not allowing the use of rvs as dwellings is very old and likely does not bring into consideration the improvements that have been made in the manufacturing of these units.~~

~~As far as I and others could tell the only argument being made against the approval was what was being done with waste. Seems the washroom facility on this permit should solve that.~~

~~I would like not only for this permit be approved but also for at least some of the zones in this district to allow for rvs to be used as dwellings. We are in a housing crisis after all.~~

Feedback Forms must be completed and returned to the Regional District prior to the Board meeting where the TUP will be considered.

RE: Temporary Use Permit – Residential use of four (4) recreational vehicles and a washroom facilities building
6447 Chute Lake Road

My comments / concerns are:

- I do support the proposed use at 6447 Chute Lake Road
- I do not support the proposed use at 6447 Chute Lake Road

Written submissions received from this information meeting will be considered by the Regional District Board prior to a decision being made on this application.

I absolutely support this Temporary Use Permit

~~Considering the current housing crisis we are experiencing province wide and the difficulty that folks are having to obtain safe and clean housing options, it seems to me that this Temporary Use Permit makes perfect sense.~~

~~Consider what we are seeing happening province wide with so many homeless folks setting up camp almost anywhere under bridges, in public parks and what I am seeing more and more is rather large encampments up on forestry roads made up of every old camper or tent one can think of without any permissions to do so, and with utter disregard to garbage and waste disposal. And in fact when they leave, its usually done by leaving whatever trailer, tent or tarp and trash behind.~~

~~This TUP in my mind is a sure and responsible way for folks to make their own way and provide for themselves a form of housing that is safe and clean for them and the environment they live in.~~

~~Also, they are not asking for handouts or financial support from anyone or any governing body to do so.~~

~~Again, I am in full support of this Temporary Use Permit~~

Feedback Forms must be completed and returned to the Regional District prior to the Board meeting where the TUP will be considered.

NOTE: All representations will be made public when they are included in the Board Agenda.

RE: **Temporary Use Permit – Residential use of four (4) recreational vehicles and a washroom facilities building**
6447 Chute Lake Road

My comments / concerns are:

- I do support the proposed use at 6447 Chute Lake Road
- I do not support the proposed use at 6447 Chute Lake Road

Written submissions received from this information meeting will be considered by the Regional District Board prior to a decision being made on this application.

~~I DO support the proposed use at 6447 Chute Lake Road. With the current housing crisis, the rise in inflation year after year, we are all struggling to keep a roof over our heads. The residents at 6447 Chute Lake Road have a right to live on their own land, regardless of what they are living in. We need more affordable housing options thought out the interior of BC. The residents of 6447 Chute Lake Road are authentic good humans living with the land on the land. Their needs to be more affordable housing options and this family is an example of what that looks like. They live in integrity for the greater good of the land they live in. More of us should choose a lifestyle like this. They deserve to live on their land in what they can afford. They cause no harm and to not allow this will continue to add to our homelessness problem that is plaguing the entire Okanagan. The residents at 6447 Chute Lake Road need to be able to stay in their homes. It is better for nature and better for the collective.~~

Feedback Forms must be completed and returned to the Regional District prior to the Board meeting where the TUP will be considered.

Written submissions received from this information meeting will be considered by the Regional District Board prior to a decision being made on this application.

~~The owners and occupiers of residences deemed temporary dwellings are causing no harm and contribute to the community in positive ways. There is a serious housing shortage in our region and by necessity people need to seek alternatives to stay in the regions where their employment, families and social connections are. This is how we build and keep healthy communities is by retaining citizens who are committed to living in the region and contributing to its diverse wealth. There is no harm or risk by permitting special use of temporary dwellings in the region on such properties when done responsibly as is done at 6447 Chute Lake Road.~~

~~I am writing to support the proposed use at 6447 Chute Lake Road. The Rasmussen family is a vital part of our community and it would be a loss to have them removed from their land and forced out of their homes. The zoning and present bylaws ignore the basic human needs of many. There is a housing crisis and affordable housing is desperately needed in our community. They are doing no harm by living the way they have chosen to. Please allow them to continue living as they see fit on their property, and consider changing the zoning, and/or bylaws.~~

Sincerely,
Mahada Thomas

RE: Temporary Use Permit – Residential use of four (4) recreational vehicles and a washroom facilities building
6447 Chute Lake Road

My comments / concerns are:

- I do support the proposed use at 6447 Chute Lake Road
- I do not support the proposed use at 6447 Chute Lake Road

Written submissions received from this information meeting will be considered by the Regional District Board prior to a decision being made on this application.

~~Considering our current housing crisis I feel strongly that tiny homes, RVs and other housing options should be allowed in our Regional District. These applicants are taking very good care of their land and are responsible, actively contributing members of our community and should be assisted in staying in the area.~~

Feedback Forms must be completed and returned to the Regional District prior to the Board meeting where the TUP will be considered.

NOTE: All representations will be made public when they are included in the Board Agenda.

Protecting your personal information is an obligation the Regional District of Okanagan-Similkameen takes seriously. Our practices have been designed to ensure compliance with the privacy provisions of the *Freedom of Information and Protection of Privacy Act* (British Columbia) ("FIPPA"). Any personal or proprietary information you provide to us is collected, used and disclosed in accordance with FIPPA. Should you have any questions about the collection, use or disclosure of this information please contact: Manager of Legislative Services, RDOS, 101 Martin Street, Penticton, BC V2A 5J9, 250-492-0237.

6447 Chute Lake Road

My comments / concerns are:

- I do support the proposed use at 6447 Chute Lake Road
- I do not support the proposed use at 6447 Chute Lake Road

Written submissions received from this information meeting will be considered by the Regional District Board prior to a decision being made on this application.

Tiny homes are built to appropriate safety standards and provide a secure housing option in the Okanagan where affordable housing is increasingly a problem that demands a solution. We need housing diversity to meet the needs of our community. Furthermore, tiny homes have minimal impact on the environment compared to large scale, permanent developments. They provide a far more sustainable, ethical solution to reducing carbon foot prints when waste management & recycling practices are implemented. I am in full favor of 6447 Chute Lake Road being granted permit of use and I urge those in charge of creating policies to consider the much needed benefits of diversifying housing options to meet the changing needs of the community.

Feedback Forms must be completed and returned to the Regional District prior to the Board meeting where the TUP will be considered.

6447 Chute Lake Road

My comments / concerns are:

- I do support the proposed use at 6447 Chute Lake Road
- I do not support the proposed use at 6447 Chute Lake Road

Written submissions received from this information meeting will be considered by the Regional District Board prior to a decision being made on this application.

This proposed permit will support a family we have known for decades to have safe and affordable housing. It's clear that supporting this option helps cater to housing diversity (vs. traditional housing) in a region where affordable housing is limited. These residences and washroom are being (and have been) built to mitigate environmental impact ~~and~~ especially compared to larger, permanent developments. The structures at hand are also supported by neighbors & the community and do no harm (noise, traffic etc.) to local residents or businesses. Thank you for your consideration of these safe dwellings in an era where creative innovation is crucial to help residents thrive.

Feedback Forms must be completed and returned to the Regional District prior to the Board meeting where the TUP will be considered.

NOTE: All representations will be made public when they are included in the Board Agenda.

- I do not support the proposed use at 6447 Chute Lake Road

Written submissions received from this information meeting will be considered by the Regional District Board prior to a decision being made on this application.

I would like to state that my family and I are in support of the TUP request for 6447 Chute Lake Road. All the facilities, and RV's on the property are exceptionally well kept, and the property is a beautiful, clean, and healthy space for Ashley, Jacob and their extended family. I believe that it is an asset to our community. It should be our aspiration to have families stay together, living and working on shared land. It is also increasingly important to encourage and support sustainable, safe, and affordable ways of living.

I do not support the proposed use at 6447 Chute Lake Road

Written submissions received from this information meeting will be considered by the Regional District Board prior to a decision being made on this application.

Ashley + Jacob model a minimalist lifestyle that inspires my family, and that we hope to see more of in the Okanagan Valley! We value the example they set by leaving a minimal footprint on our earth, by using fewer resources, and by incorporating sustainable methods that have minimal impact on the environment.

At a time where most new builds have a pervasive nature (large scale projects that are disruptive to the land), and at a time where housing is difficult to find and afford, we need to advocate for families who are creatively working towards a sustainable future - both financially and environmentally.

Feedback Forms must be completed and returned to the Regional District prior to the Board meeting where the TUP will be considered.

My comments / concerns are:

I do support the proposed use at 6447 Chute Lake Road

I do not support the proposed use at 6447 Chute Lake Road

Written submissions received from this information meeting will be considered by the Regional District Board prior to a decision being made on this application.

I am writing to show my support for the temporary use permit at 6447 Chute Lake Road.

Having been in Emergency Services for over 20 years and having visited the property I can confidently say that the owners have done an outstanding job creating a safe space. The property is easily accessible and has vehicle access throughout. The owners have been clearing danger trees and creating non combustible zones within the area. Ground fuels and ladder fuels have also been managed. All these items being considered this property would provide a safe housing option where affordable housing is limited.

Feedback Forms must be completed and returned to the Regional District prior to the Board meeting where the TUP will be considered.

I do support the proposed use at 6447 Chute Lake Road

I do not support the proposed use at 6447 Chute Lake Road

Written submissions received from this information meeting will be considered by the Regional District Board prior to a decision being made on this application.

With the current housing crisis in BC, we fully support the approval of this temporary use permit. Its approval in this instance, would help to solve an all too common problem of finding affordable housing options.

Feedback Forms must be completed and returned to the Regional District prior to the Board meeting where the TUP will be considered.

NOTE: All representations will be made public when they are included in the Board Agenda.

Protecting your personal information is an obligation the Regional District of Okanagan-Similkameen takes seriously. Our practices have been designed to ensure compliance with the privacy provisions of the Freedom of Information and Protection of Privacy Act (British Columbia) ("FIPPA"). Any personal or proprietary information you provide to us is collected, used and disclosed in accordance with FIPPA. Should you have any questions about the collection, use or disclosure of this information please contact: Manager of Legislative Services, RDOS, 101 Martin Street, Penticton, BC V2A 5J9, 250-492-0237.

Feedback for the Regional District of Okanagan Similkameen

101 Martin Street, Penticton, BC, V2A-5J9 Tel: 250-492-0237 / Fax: 250-492-0083 / Email: planning@rdos.bc.ca

The approval of the Temporary Use Permit is essential for the applicants, and will provide crucial stability to prevent their family's displacement and financial despair, and give them time to navigate the BC changes to building legislation policies that may affect their building plans significantly.

RE: Temporary Use Permit (TUP) – To allow the residential use of four (4) recreational vehicles and a washroom facilities building at 6447 Chute Lake Road, Naramata.

I do support the proposed use at 6447 Chute Lake Road.

Overwhelmingly this family has made safe and intelligent use of this ~~property~~ large property in a creative way. There is nothing about the site that leaves cause for concern. I believe that we need to support all members of our small community. To me, keeping this family together and in our community, where they live and work and contribute, is the most important consideration.

Rebecca Kuislit.
