RFP-RDOS-25-WATER SERVICES – 021

FOR THE DESIGN AND INSTALLATION OF THE

MISSEZULA LAKE WATER TREATMENT SYSTEM

The Regional District of Okanagan-Similkameen owns and operates the Missezula Lake Water System (MLWS); a small water system located 45 kilometers north of Princeton, B.C. The system provides drinking water to approximately 190 residential/seasonal lots.

In 2002 an upgrade project was carried out which replaced the creek intake with a raw water intake in Missezula Lake. This upgrade project also included the construction of the chlorination building, chlorine contact chamber, high lift pump station, and emergency power supply generator building. As a result of increased water quality challenges, additional treatment of the lake source water is required.

A 2023/24 study was conducted to explore a variety of source water options and concluded that the lake source is the most sensible option. As such, this project will begin with the Regional District and Consultant completing a thorough review of the proposed project plan, based on the results of the Conceptual Design Options report and other background information.

Respondents are encouraged to use innovation to provide a proposal that meets the needs of the Regional District and adds additional value to the project.

For full details regarding this opportunity, please visit the RDOS Bonfire portal rdos.bonfirehub.ca

Submissions will only be accepted, online, through the Bonfire portal. Hand delivered, emailed and/or fax submissions will not be accepted.

All submissions must be received through the Bonfire portal on or before 2:00 PM, Local Time, February 21ST, 2025.

Respondents **must** be registered **vendors** on the RDOS Bonfire portal in order to issue a response to this opportunity and/or receive addenda or other important notifications. The RDOS does not accept any responsibility for missing addenda, notifications or misunderstandings when the source documents were downloaded from any other website or portal, other than the RDOS Bonfire portal **rdos.bonfirehub.ca**.

It is the responsibility of the Respondent to acknowledge all addenda issued through the RDOS Bonfire portal **rdos.bonfirehub.ca**.
