NARAMATA WATER SUPPLY ASSESSMENT AND FEASIBILITY STUDY
RFP-RDOS-25-WATER SERVICES-061

The Regional District of Okanagan-Similkameen (RDOS) is seeking proposals from qualified Proponents to complete a feasibility study and cost-benefit analysis of recommissioning the Robinson Creek and Naramata Creek as irrigation sources.

The successful proponent will need to analyze the existing infrastructure based on its current condition, collect data to confirm the upgrades, maintenance and or decommissioning of the Naramata Water System, assess the viability of twinning the irrigation system under the current condition and develop a prioritized implementation plan.

This will enable the RDOS to maximize the amount of water available for agricultural use and eliminate or reduce the need to treat and pump non-domestic water. It will also potentially increase the efficiency of the water distribution process, creating redundancies in the system that will benefit the whole community.

This RFP document describes the services sought by the Regional District and sets out the RDOS's RFP process, basic proposal requirements and the evaluation criteria the Regional District intends to use to select a preferred proposal.

For full details regarding this opportunity, please visit the RDOS Bonfire portal rdos.bonfirehub.ca.

ELECTRONIC SUBMISSIONS ONLY

Submissions will only be accepted, online, through the Bonfire portal. Hand delivered, emailed and/or fax submissions will not be accepted.

All submissions must be received through the Bonfire portal on or before 2:00 PM, Local Time, October 24th, 2025.

Respondents **must** be registered vendors on the RDOS Bonfire portal to issue a response to this opportunity and/or receive addenda or other important notifications. The RDOS does not accept any responsibility for missing addenda, notifications or misunderstandings when the source documents were downloaded from any other website or portal, other than the RDOS Bonfire portal **rdos.bonfirehub.ca**.

It is the responsibility of the Respondent to acknowledge all addenda issued through the RDOS Bonfire portal **rdos.bonfirehub.ca**.
