Mr. Yi Li

Assistant Water Manager & Regional Water Engineer  
Ministry of Forests, Lands, Natural Resource Operations & Rural Development  
Thompson-Okanagan Region

August 10<sup>th</sup>, 2021

**Re. Crown Land Tenure dock application for Peter Mortifee of 6771 Indian Rock Road**

Dear Mr. Li,

I am writing to you today as the owner on title of Indian Rock Road (Lot 20), the adjacent property immediately to the south of 6771 Indian Rock Road (Lot 19) owned by Peter Mortifee. My son, Allen Davenport has authority to represent me in this matter. Please direct any further correspondence regarding this matter to him directly ([allentdavenport@gmail.com](mailto:allentdavenport@gmail.com); 250-217-1263). We understand that Peter has applied to your Ministry for approval to replace his dock on the Okanagan Lake, in effectively its current location.

Please understand that I have no objection and accept the following:

- The design of the new dock will follow the SHORELINE PILE DRIVING plot plan dated July 27<sup>th</sup>, 2021 (Attachment #1 to this letter) including the offset to the north by approximately 2.0 metres near the end, resulting in the boatlift not overlapping the southern border of the access portion.
- The access portion of his proposed new dock will be situated in effectively the same location as his current dock, being no further south and as far north as possible.
- The distance between the proposed new dock and our existing dock (at 6769 Indian Rock Road) will be no closer than it is currently.

Most sincerely,

  
Florence P. Davenport
