<b>DEVELOPMENT INFORMATION:</b>
Provide a description of the proposed development (please attach as a separate sheet, as required):  Please see attached letter of support.

<b>REQUESTED VARIANCE(S):</b>
List all requested variances to the regulations in bylaws of the Regional District. Each variance should be marked on the applicable drawings. A variance cannot be considered where use or density would be affected.
1. Bylaw (Include No.): <u>Area H Zoning Bylaw</u> Section: <u>10.5</u>  Proposed variance: <u>A variance to the RDOS Subdivision Servicing Bylaw No. 2000, 2002.</u> <u>We wish to seek approval to drill well at a later date once a homesite is selected</u> <u>by the future owner.</u>
2. Bylaw (Include No.): _____ Section: _____  Proposed variance: _____  _____

**SUPPORTING RATIONALE:**

All new development should meet the Regional District's applicable bylaw standards. A variance is considered only as a last resort. An application for a development variance permit should meet most, if not all, of the following criteria, in order to be considered for approval (please attach as a separate sheet, as required).

1. The variance should not defeat the intent of the bylaw standard or significantly depart from the planning principle or objective intended by the bylaw. Please elaborate how the requested variance meets this criteria:

Please see attached letter of support.

---

---

---

---

2. The variance should not adversely affect adjacent or nearby properties or public lands. Please elaborate how the requested variance meets this criteria:

Please see attached letter of support.

---

---

---

---

3. The variance should be considered as a unique solution to an unusual situation or set of circumstances. Please elaborate how the requested variance meets this criteria:

Please see attached letter of support.

---

---

---

---

4. The variance represents the best solution for the proposed development after all other options have been considered. Please elaborate how the requested variance meets this criteria:

We believe seeking a variance at this point regarding the well is the best solution for the proposed development. The unserviced parcel is very large, and drilling a well at this point, given there are multiple home sites for this parcel unpractical. Drilling a well that may be abandoned in favor of a different location in the future doesn't make sense.

---

---

5. The variance should not negatively affect the natural site characteristics or environmental qualities of the property. Please elaborate how the requested variance meets this criteria:

There is no impact to the environmental qualities of the property by granting this variance.

---

---

---

---

**REQUIRED DOCUMENTATION:**

All plans and drawings referred to in this section should be submitted with one full scale and one reduced (11 x 17) copy suitable for black and white reproduction. When possible, Adobe PDF versions should also be included.

**Certificate of Title** – to provide proof of ownership, copies of titles should be dated no more than 30 days prior to the date of application. Copies of titles are available from the Land Titles Office, or through a Government Agent’s Office, a notary, lawyer or search company.

**Location Map** – showing the area in which the subject property is situated.

**Site Plan** – drawn to scale and showing dimensions, shall include the following (as applicable):

- North arrow and scale;
- Dimensions and boundaries of property lines, rights-of-way, and easements;
- Location and dimensions of existing structures and setbacks (including projections and overhangs) to parcel lines, rights-of-ways, easements;
- Location of existing access roads, driveways, vehicle parking spaces, pathways, screening and fencing;
- Natural & finished grades of site, at buildings & retaining walls (indicate source of grade data)
- Location of any physical or topographical constraints (such as watercourses, shorelines, ravines, wetlands, steep slopes, bedrock outcrops, etc...);
- Location of all existing water lines, wells, septic fields, sanitary sewer & storm drain facilities, including sizes; and
- Existing covenant areas (if applicable).

**Development Plan** - shall be drawn to scale and indicate the following:

N/A

- detailed drawings of the proposed development, including building sections, elevations, finishes, floor plans, landscaping, access roads, driveways, vehicle parking spaces, pathways, and screening and fencing proposed for the site;
- a project summary sheet outlining density and number of dwelling units, site coverage, heights, setbacks, and other relevant data; and
- location and width of proposed access(es) to the property, driveways, manoeuvring aisles and parking layout.

**Site Survey** - If the proposed development involves a variance to the siting or building envelope of an existing structure a current sketch plan (in metric), certified by a BC Land Surveyor shall be required. This may be combined with the requirements for a **Site Plan**, where appropriate.

**Landscape Plan** – where applicable, the Landscape Plan shall be drawn to scale and shall show existing and proposed landscaping and to include an estimate of the cost of landscaping, provided by a Landscape Architect or qualified professional. This estimate will be used to determine the amount of any security required.

*Additional material or more detailed information may be requested by the Regional District upon reviewing the application.*

**DECLARATION:**

I, the undersigned, hereby certify that the information provided with respect to this application is full and complete and is, to the best of my knowledge, a true statement of the facts related to this application.
