- **Also Included with this document are the following appendices:**
- **Appendix A**—Fire Underwriters Survey, November 18<sup>th</sup>, 2022
- **Appendix B**—Keremeos & District Volunteer Fire Department - Fire Hall Health & Safety Assessment, September 18<sup>th</sup>, 2023

## **Part A**

### **BACKGROUND**

The Keremeos Fire Department was first established in 1940 through a community society and in 1962 amalgamated with the Keremeos Irrigation District and the fire district was extended to include the Irrigation district boundary. In 1976 the fire department transitioned into a Regional District of Okanagan Similkameen (RDOS) operated department where the fire district boundaries expanded again and the department became the Keremeos & District Volunteer Fire Department (KDVFD).

The fire hall is located near the center of the Village of Keremeos (513 – 7<sup>th</sup> Street) and is situated approximately 48 kilometers southeast of Penticton. Keremeos is located on HWY 3 and spans the Similkameen River.

The KDVFD is contracted to provide structure and wildfire suppression to over 62 sq kms including:

- Regional District of Okanagan Similkameen Area B including Olalla, Lower Similkameen Indian Band (LSIB) Ashnola area
- Regional District of Okanagan Similkameen Area G including Cawston, Lower Similkameen Indian Band (LSIB)
- Village of Keremeos

Estimated Population of the Fire District: ~5000

Latitude: 49.205°N – 119.83°W

Toporama Map: 082E04 Keremeos

Estimated number of Private Dwellings: 2422

Currently the KDVFD has a complement of 26 members, 23 of whom are active responding members.

The Department is organized as follows:

- Fire Chief
- Deputy Fire Chief
- 3 Captains
- 2 Lieutenant
- Firefighters

The department responds to approximately 400 calls per year including fire suppression, motor vehicle incidents (including auto extrication), medium angle rope rescue, Medical First Responder, Wildland-urban interface suppression amongst a wide range of other requests for assistance. In addition, the Department provides road rescue services outside of the fire district. The Department is covered by the Regional Mutual Aid Agreement; however, it would likely take approximately 30 minutes for mutual aid partners to arrive after a call for support is made.

**Fire Boundaries** are Sunkatchers MHP Hwy 3 West (14 km) Thompson corner North Hwy 3A (12 km) and Barcello Rd., Hwy 3 intersection East (12 km)

**Road Rescue** area generally described as Sterling Creek Bridge, West of Hedley (Hwy 3), Yellow Lake (Hwy 3A), Green Mtn Rd. to Apex Mtn. Rd. and Nighthawk Road, South of Cawston (Hwy 3)

The Keremeos fire hall was built in the 1940's and is approximately 5000 square feet in size. Originally a British Petroleum gas station, the building was purchased in 1966 and converted into the current fire hall. The building was renovated in 1982/83 and is a 1 ½ story wood frame construction, with a tar and gravel roof. While the fire hall is in generally good condition considering its age, it no longer serves the department adequately and has no property to expand. The building does not house all apparatus and equipment and as a result some vehicles are parked outside. If this is done long term this will likely result in premature aging of the vehicles. There is a lack of space on the apparatus floor with very little area between vehicles. The Fire Department staff parking area is also insufficient. The newest fire truck received in 2021 needs to be full of water with 950 Imp gals to fit inside the firehall.

The fire hall is located directly adjacent to Highway 3 and on a ninety-degree, blind side of a downhill corner. Emergency vehicles exiting the fire hall during emergency responses must be very careful of on-coming traffic from the blind corner. Vehicles backing into the hall require traffic to be stopped in both directions. Both of these situations pose a safety risk to Department members and the public.

The RDOS is commissioning this project on behalf of:

1. The Regional District of Okanagan-Similkameen, Electoral Areas B & G
2. Village of Keremeos

## **STUDY PURPOSE**

The primary purposes of the Relocation Study are to identify a suitable location or locations to reposition a future centralized Fire Hall or Fire Hall with satellites, as well as providing an optimal fire services model which addresses how and where those services shall be deployed.

To fulfill these purposes, the study will help create a way forward for the KDVFD to identify possible solutions to the present deficits associated with current location, deployment of services, the existing Fire Hall building, training area and storage spaces.

The Study shall **not** include any designs of structures and are not requested as part of this RFP process.

## **PART B**

### **THE SERVICES**

#### **1.0 SCOPE OF RFP**

##### **1.1 Provide an optimal Fire Services Model**

Describe in detail what type and how fire services should be deployed for the Keremeos Fire Services.

Should Fire services be deployed from one central location or should services be deployed from a Fire Hall with satellite locations providing some or specialized services?

What, if any recommended infrastructure shall or could be manned or unmanned?

##### **1.2 Identify a suitable location or locations**

The best locations to position a new centralized Fire Hall or Fire Hall with a satellite or satellite locations and what infrastructure should go where and how much. The Consultant shall also provide a risk assessment of each site to avoid both natural and unnatural hazards—such as fire, flooding and traffic hazards.

##### **1.3 Address Communications**

Ensure that communications between the fire hall and fire fighters have suitable and reliable coverage.

##### **1.4 Building identification and required upgrades**

Elaborate on the information already provided in 1.2 to include what upgrades are necessary to resolve the deficits identified in the Fire Underwriters Survey and the KDVFD Fire Hall Health & Safety Assessment, attached as appendices A & B, respectively.

##### **1.5 Planning for new infrastructure**

The Study shall also consider future infrastructure needs- such as the potential for future expansion, an area for live fire training, green energy options, etc. The relocation site or sites shall accommodate for such initiatives.

As mentioned already in the Study Purpose, this study shall not include any designs of structures and are not requested as part of this RFP process.

## 1.6 Economic Considerations

The study shall also consider the economics of relocating the Fire Hall to one or more sites. There is no point providing a fire services model that is financially unrealistic, considering the local tax base.

Grants are an option that the Consultant should also consider and suggest how the KDVFD may benefit from these.

## 1.7 Presentation and Public Consultation Process

The Consultant shall present the study findings to the RDOS Area Directors at a regular Directors meeting TBD—highlighting the needs for the relocation, fire services delivery model, relocation site or sites and other relevant information.

The Consultant shall also provide a similar presentation through a public consultation process. Please include a description of the presentation and public consultation process that you intend to use in your proposal.

#### 4.3. Scoring Method:

The following method will be used to score the criteria:

- Price: Price will be scored relative to other Proponents using the following formula:

- $\text{Lowest Price} \div \text{Proponent's Price} \times \text{Weighting} = \text{Score}$

Other Criteria: All other criteria (except Price) will be scored by the evaluation committee, which will then be multiplied by the Weighting factor to provide a total weighted score out of 100 which includes price.

#### 4.4. Clarifications & Remedy Period:

Notwithstanding the requirements for mandatory criteria and scored criteria detailed above, the RDOS will allow the following remedies and clarifications at its sole discretion:

- Remedy for missing submission requirements: If the RDOS finds that a Proposal fails to meet all of the submission requirements required of this RFP, then the RDOS may provide written notification to a Proponent which identifies the requirements not met and provides the Proponent with 48 hours to remedy and supply the requirements. The 48 hours shall commence upon notification by the RDOS to the Proponent. This option to remedy missing requirements shall not apply to Proposals not received by the RFP Closing Date and Time.
- Clarification of Proposals: During evaluation of the scored criteria, the RDOS may at its sole option, request further details or clarification from the Proponent and/or third parties, on aspects of a Proposal by way of a written request for clarification. The written request shall clearly state the required clarification and time limit to supply the information requested. Following receipt of the clarification information, the RDOS may use this information to reassess and/or re-score the Proposal according to the scored criteria.

#### 4.5. Ranking of Proponents:

Following completion of the evaluation against the scored criteria, the weighted scores for each Proposal will be added together, and Proposals will be ranked according to their total weighted scores. The Proponent with the highest-ranked Proposal will be invited to conclude a Contract with the RDOS. In the event that two or more Proposals have an equal total weighted-score, then the Proponent with the Lowest Total Price will be invited to enter into a Contract with the RDOS.

#### 4.6. Conclusion and Execution of a Contract

Neither the RDOS nor any Proponent will be legally bound until the execution of a written Contract or issuance of a Purchase Order. Following an invitation to a Proponent, by the RDOS, to conclude a Contract, it is expected that the RDOS and that Proponent would enter into discussions which may include, among other things:

- Clarification or amendment to the requirements, plus any resulting price adjustments, based on items submitted in the Proposal.

- Amendments to the terms and conditions, based on items submitted in the Proposal.

The RDOS would seek to execute a Contract within 10 days of issuing an invitation to the Proponent to conclude a Contract. If the RDOS and the Proponent do not, for any reason, execute a Contract within this time-period, the RDOS may discontinue the process with that Proponent and invite the Proponent with the next-highest-ranked Proposal to conclude a Contract. The RDOS may then continue this process until a Contract is executed, or there are no further Proponents, or the RDOS otherwise elects to cancel the RFP process entirely. For clarity, the RDOS may discontinue discussions with a Proponent if at any time the RDOS is of the view that it will not be able to conclude a Contract with that Proponent.

Proponents should note that the RDOS may choose to make public any part of this Proposal, or any Proposal and any executed contract-- including the Contractors name and total contract price-- and further that, regardless of whether and the extent to which the RDOS elects to make anything available to the public, the RDOS would be required to disclose all or part of a Proposal or the executed contract pursuant to a request for disclosure under the Freedom of Information and Privacy Act (FOIPPA). Proponents should be aware of and review the RDOS's obligations under FOIPPA and the RDOS's limited ability to refuse to disclose third party information pursuant to Section 21 of FOIPPA.

### **5.8. Notification and Feedback to Unsuccessful Proponents:**

Such requests for feedback must be made within 30 days of notification of the RFP results. Details of feedback provided will be at the RDOS's sole discretion in order to protect the confidentiality of other Proponents and the RDOS's commercial interest.

The RDOS may, at its sole discretion, disqualify any Proponent from this RFP process, if it determines that the Proponent's conduct, situation, relationship (including relationships of the Proponent's employees and RDOS employees) create or could be perceived to create a conflict of interest.

The RDOS may rescind or terminate a Contract entered into if it subsequently determines that the Proponent failed to declare an actual or potential conflict of interest during this RFP process.

#### **5.10. Confidentiality:**

All information provided to Proponents by the RDOS as part of this RFP process is the sole property of the RDOS and must not be disclosed further without the written permission of the RDOS.

#### **5.11. No Contract A and No Claims:**
